## FORWARD OBSERVATIONS

### Never Stop Serving!!!

**“NEVER  
STOP  
SERVING”**

#### President's column

We had a good meeting October 28<sup>th</sup>. Captain Stone from MOAA National covered several topics designed to assist our Chapters in reaching out to our members. As she noted, when the AMS *finally* comes on line 31 March we should have enhanced capabilities to reach out to potential members. She also reminded us of the monthly Roundtables (last Thursday of the month) and the importance of keeping the committee module information up to date. We touched on award submission dates – they are moving to earlier in the year.

Captain Stone also clarified the scope and nature of Chapter / Council letters of advocacy. Colonel Smith will be creating a guidance and “How To” sheet focused especially on Illinois Witness Slips. Additionally, we discussed the importance of getting more of our members familiar with and using the “take action” advocacy links on the MOAA webpage.

It was a meeting with good discussion focused on keeping MOAA active and viable in Illinois. Thanks to Colonel Gill for arranging the meeting space and the good “field rations” for lunch. I need to thank both Col Gill and Lieutenant Colonel Miller for their diligence as Chapter Presidents. Both served during COVID and the reorganization of our Chapter catchment areas which posed some interesting challenges.

Bravo Zulu and THANKS! At the same time, we welcome (once again) Lieutenant Colonel DeReu and Major Knieriem as their respective Chapter's incoming presidents. THANKS to both of you for stepping up one more time.

Finally, I am looking forward to hosting our March meeting and hope to see all of you around our dining room table. Carol says she knows what she will feed us, and it won't be C-Rats nor MREs! As always, I really do appreciate all of your efforts, collectively and individually, as we endeavor to keep MOAA a voice for uniformed service members in Illinois.

Let's *Never Stop Serving!*”

## Christmas Comments from COL Tyler

In a recent conversation with a church men's group, I related how through my involvement with several veteran organization, both governmental and non-governmental, we were able to have a positive impact that allowed a surviving spouse to remain in her home. I also mentioned the various efforts on legislation supporting the property tax issue in St. Clair County. In reflecting on these and other events, I understand that my "ticket" to get involved is being a MOAA member.

This conversation is a reminder to me that each of our chapters is active in making a difference in veterans' lives within that chapter's local area as well as across the state and indeed the nation. The activity list is long, and includes food pantries, honor flights, JROTC support, housing for family members of hospitalized children, and of course the ever-present legislative advocacy. So, the answer to the ubiquitous "Why join MOAA?" question is that we *Never Stop Serving!* because, if not us, who? Let us not forget that what our members and chapters do, collectively or individually, does in fact make a difference, big or small, in the lives of veterans and their families.

Colonel Smith's column will remind us that the 2023 federal legislation is still impacted by operating under Continuing Resolutions. Hopefully, January will bring a resolution. Likewise for some important state legislation that has had an interesting journey only to return to Senate for a vote in January (SB 2315). After all Advent is the season for waiting!

And of course, it is that time of year to tune in to NORAD's tracking site to follow the Jolly 'Ole Elf as he makes his journey to spread joy this holiday season. I will be a **Toys for Tots** "elf" collecting and distributing toys in Decatur. I am sure y'all will be participating in similar activities this month – it's part of that serving thing!

I also note that each of the chapters will be holding their Christmas gathering / annual fundraiser for scholarships and other veteran support funding.

Enjoy the camaraderie as you continue to do good things on behalf of America's uniformed service members.

Merry Christmas & Happy New Years! – Bob

## Chaplain's Column

Greetings to all MOAA members state wide. Fall is certainly in the air with all the colors magnificently displayed.

We all know the Ten Commandments as taught to us by mothers, fathers, pastors, teachers and others.

I learned them from a combination of all the aforementioned .Learning them was not the most pleasant experience in that a failing grade in school might be the result but also I was learning that there were limits to my behavior and I could simply could not do whatever I wished to do.

Some of us learned by one set of numbers, others by a difference set of numbers, Luther and others listed the first three commandments this way, 1) obedience to God, 2) not taking His name in vain, and 3) learning to publicly worship Him. Followers of Calvin had different numbering. Exodus 20 does not divide them but lists them consecutively, The point is they are there and to be obeyed.

The sum of all the commandments is to love God and our neighbors as ourselves. It is the second part I which to spend time on.

In our efforts to save our Illinois MOAA chapters and hopefully ad to them, I think we should be asking ourselves how we can be more neighborly toward ourselves and to potential members .

Of course , we are not promoting neighborliness as a means to growth but rather to be responsible to those around us and thereby fulfilling the Ten Commandments.

The most recent edition of the Military Officer, the fine magazine of MOAA National has given us many suggestions as to how to be more neighborly.

I invite you to read all of the suggestions.

A few are assisting in providing child care and providing medical needs for all, paying funeral expenses, providing rides to appointments, speaking to local schools about the US Constitution and civic matters ---I think you get the picture.

Hopefully many of these ideas will be discussed in future meetings as we attempt to better improve our skills at being good neighbors.

## Have a Great Christmas and a Wonderful New Year!!

In Your Service.

Ch Ralph Woehrmann

### Section 1: Current Discussion of MOAA Issues

#### National Defense Authorization Act (NDAA)

**Military Health System Reform.** The FY 2023 NDAA was passed and signed by President Biden in December 2022. This marks the fourth consecutive MOAA win to stop military billet cuts. As far back as the FY 2020 NDAA, MOAA has fought to retain 18,000 medical billets to help preserve medical readiness and beneficiary care. Provisions in the FY 2023 NDAA require a series of reports and congressional notification before DoD makes plans to cut personnel at its military treatment facilities (MTFs) including a five-year halt to medical billet cut, a one-year suspension to MTF restructuring, and other reporting requirements.

**Retain Skilled Veterans Act.** The FY 2024 NDAA soon could include MOAA-backed language ending a six-month waiting period for recent military retirees seeking DoD civilian positions – a delay that drives away talent and weakens our national security. The House version of the NDAA (H.R. 2670) includes a provision for the “waiver of limitation on appointment of recently retired members of armed forces to DoD competitive service positions,” removing the so-called “180-day rule” from all but excepted service and Senior Executive Service jobs. Help MOAA repeal the “180-day rule. See Item 12 in Section 2 below to submit your letters to your legislators.

**Protect TRICARE for Life Benefits.** Two clear victories for MOAA and its members stemming from the FY 2024 National Defense Authorization Act (NDAA) come from what’s not in either the House or Senate version of the bill, or any of the thousand-plus proposed amendments. First, the NDAA drafts include no TRICARE For Life enrollment fees or deductibles, a key priority for MOAA’s advocacy efforts. And second, the legislation includes no mention of planned staffing cuts at military treatment facilities (MTFs), as last year’s NDAA included MOAA-backed language shelving such moves for at least five years, as mentioned in Military Health System Reform above.

**Advocacy in Action (AiA) Update.** There have been a few developments from MOAA National regarding the three legislative issues we took to the Hill last April. MOAA continues to track these issues and keep the pressure on through the 118th Congress. It seems that with every recent webinar MOAA broadcasts, these three issues are always at the top of the agenda. So, MOAA is not letting up and neither should we. The following is where we stand on these issues. And as always, MOAA National depends on our support to keep Congress aware of the importance of preserving our military benefits, because these issues ultimately impact military readiness and our national security.

**TRICARE Pharmacy Status.** The TRICARE retail pharmacy network fell from about 55,000 locations in 2022 to about 42,000 as of February 2023. This was one of the three Advocacy in Action (AiA) issues April 2023. As we presented the impact of these pharmacy cuts to Congress in April, we emphasized that they negatively impacted the most vulnerable TRICARE beneficiaries, particularly those people with complex medical needs or those needing long-term care, especially in the most rural areas of the country. While there is no House or Senate bill associated with this issue, you can help MOAA to continue its work within and outside the NDAA process to restore this benefit for all TRICARE beneficiaries. You can help support MOAA’s restoration campaign by submitting your “take action” congressional letters. See Item 8 in Section 2 below to register your opposition to TRICARE retail pharmacy cuts.

**Basic Allowance for Housing (BAH) to 100%.** As we mentioned in April, the BAH Restoration Act calls on DoD to restore BAH to full coverage of the monthly cost of adequate housing in a given

## Legislative Input to the IL CoC Newsletter

area based on the servicemember's rank and dependency status. This benefit was in place until 2015, when DoD began reducing BAH by one percentage point a year down to 95% in 2019. When we presented the BAH issue to Congress, BAH Restoration Act (HR 2537), Rep. Marilyn Strickland (D-WA-10) had 23 co-sponsors for the bill and there was no companion bill in the senate. Currently, HR 2537 now has 53 co-sponsors and the senate introduced BAH Restoration Act (S.1823), sponsored by Sen. Raphael Warnock (D-GA) in June 6, 2023, but with only one co-sponsor thus far.

All Volunteer Force (AVF). We brought attention to our Illinois legislators during AiA in April about the critical situation surrounding the All Volunteer Force (AVF). There is no recent congressional discussion about the AVF. But as you review the 25 legislative bills in Section 3: Key Bills in Congress below, the majority of these bills have a major impact on retaining a robust all volunteer force. With that said, it is very important for all MOAA members to access [MOAA.org/Legislative Action Center](https://MOAA.org/Legislative Action Center) and send your letters to your legislators.

Major Richard Star Act. Col Bob Norman, President of the Southwest Chapter, provided an excellent update on the Major Richard Star Act in his chapter March newsletter. To summarize his points:

More than two-thirds of Congress supports the Major Richard Star Act (H.R. 1282/S. 344) – as of July 24, 327 of 435 House members and 70 of 100 senators had signed on as co-sponsors. MOAA and other military and veteran advocacy groups have turned attention to the Senate, where Sens. Jon Tester (D-Mont.) and Mike Crapo (R-Idaho) plan to introduce a floor amendment to that chamber's version of the FY 2024 National Defense Authorization Act (NDAA) including the text of the Star Act.

Currently, 16 of the 17 Illinois house members have signed on to support this bill. Also, both Illinois senators have co-sponsored this bill. With three quarters of the house and 70% of the senate support the bill, why has it not been sent to the floor for a vote? Possibly because the funding is not there???

### Section 2: Active MOAA Legislative Campaign

Currently, MOAA has 18 legislative issues listed in the Legislative Action Center that deserves congressional attention. Of these 18 issues, 10 are associated with companion bills in the House and Senate, three are stand-alone bills in the House, one stand-alone bill in the Senate, and four issues that are not associated with either a House or Senate bill. These bills from the Legislative Action Center are included along with other bills that MOAA has previously highlighted in Section 3: Key Bills in Congress section.

Below are the 18 issues listed in the Legislative Action Center, hoping to encourage you to "take action" by sending the pre-formatted letters to our two senators and your local congressional representative. MOAA has set a contact goal for each of the 18 issues. Along with the issue titles is the number of actions taken and the number of actions remaining to reach MOAA's contact goal for each individual issue. You can access the Legislative Action Center my logging on to the [MOAA.org/Legislative Action Center](https://MOAA.org/Legislative Action Center), by clicking on MOAA | Legislative Action Center ([quorum.us](https://quorum.us)), or clicking on the link for each issue below. You only need to fill in your personal information on the first "take action" issue. The remaining "take action" issues are automatically populated with your personal information. Also, please inform your chapter membership and encourage them to "take action" on all 18 issues.

### Section 3: Key Bills in Congress

This last January marked the beginning of the 118th Congress. As a result, all the bills that did not pass in the 117th Congress must be re-introduced. Currently, only six bills in the House and five bills in the Senate have been identified as key bills by MOAA. We expect this list to increase in numbers as the House and Senate continues to introduce new and previous bills from the last Congress as we progress through the next two years.

**Federal** – HR 333: Disabled Veterans Tax Termination Act. Disabled Veterans Tax Termination Act. ## PROVIDING CRISIS RELIEF TO OUR NATION'S HEROES

Together, we can offer support and stability to the uniformed services and veteran communities during a crisis.

### OUR GOAL

Our goal is to raise \$1 million to endow The MOAA Foundation's Crisis Relief Fund and continue our great work.

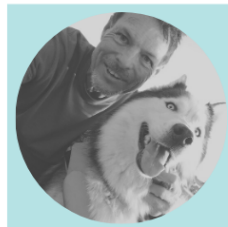

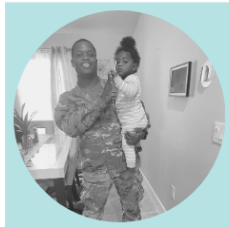

### WHY CRISIS RELIEF?

More than 12 million veterans without a VA disability rating have virtually no support when disaster strikes.

### CAN YOU HELP?

Our hope is your generous contribution will help us reach our goal to fund this program in perpetuity.

## READY TO ASSIST

In April 2020, The MOAA Foundation launched an emergency COVID-19 Relief Fund to support uniformed services families impacted by the pandemic.

**As the pandemic has ebbed, we know crisis-related needs of uniformed services families and veterans still exist.**

To answer the call for help, we established The MOAA Foundation Crisis Relief Fund — an enduring emergency relief fund to assist uniformed services personnel, veterans, and their families (including caregivers and survivors) in the midst of crisis.

## WHAT SETS US APART

Our streamlined application takes less than 20 minutes to complete, saving applicants the time they need to address other urgent priorities.

Funds reach an approved applicant's bank account within days of approval — timely relief when it can have the most impact.

Financial grants are awarded to qualifying applicants to help with housing costs, utilities, medical and insurance bills, groceries, and more.

100% of our Crisis Relief applicants would recommend our program to others in need.

## Reasons to Join a MOAA Chapter

### **You know the value of belonging to MOAA and your chapter!**

But when you're talking to a potential new chapter member, it's important to remember that many officers might have only limited knowledge of MOAA's chapter system.

Creating a dialogue and asking open-ended questions is the best way to find out if and how a chapter membership could help a prospective member.

Find out as much as you can about their priorities in order to tailor a response that is more likely to resonate with them personally.

Here are some aspects of membership that may appeal to them:

1. **Make yourself heard.** MOAA's chapters provide critical grassroots support for MOAA's national legislative agenda. Chapter members let their legislators know what's on their minds and open doors for MOAA's legislative team in Washington, D.C.
2. **Give back to the community.** Chapter members are MOAA's ambassadors in their communities, supporting countless programs that make a difference in the lives of others. These members continue to serve and are giving back in the truest sense.
3. **Value added to chapter members' lives.** MOAA chapters sponsor interesting programs and opportunities to interact with civic, political, military, and business leaders on issues important to members.
4. **Networking with fellow officers.** Chapters include second-career members in the work force and retired service members who have contacts in their communities that can be valuable to transitioning officers.
5. **Stay informed.** Chapter newsletters, websites, and meetings provide you with the latest information on local, state, and national issues and changes to military benefits.
6. **Influencing state legislation.** Most states have a council of chapters that unites chapters in the state. These councils, and independent chapters in states without a council, often lobby for and pass state-level legislation that affects military members and their families, such as exempting military retired pay from state income tax or increasing funding for state veterans' programs.
7. **Camaraderie with a purpose.** MOAA chapters unite active duty, former, and retired officers from every branch of service, including National Guard and Reserve, as well as surviving spouses, offering the opportunity to connect with others with similar backgrounds and interest and develop close and lasting friendships.

### New Website

The Council has a new website. Address is <http://www.ilcouncilmoaa.org>

If you have any items or input for the website, contact MAJ (USAF, Ret) Dave Knieriem at the following email address: [dknieriem@casscomm.com](mailto:dknieriem@casscomm.com)

**MOAA is the nation's largest and most influential association of military officers. It is an independent, nonprofit, politically nonpartisan organization.**

**While MOAA is permitted by law to lobby—and does so actively—its status as a tax-exempt veterans organization precludes it from participating in political activities, which are defined as intervening directly or indirectly in any political campaign on behalf of or in opposition to any candidate for public office.**

**Stated briefly: the association may advocate issues, but it may not advocate the election or defeat of particular candidates or political parties. This newsletter follows the policies of MOAA National.**

## **MOAA Store and ROTC/Junior ROTC Items**

The MOAA store has re-opened at <https://moaa.estore.shop/>. In addition to promotional gear, you can find ROTC and Junior ROTC (JROTC) award certificates (in stock now) and medals (place orders now for backorders to be shipped when medals are in stock, expected by the end of April). Electronic certificates may be customized and downloaded [online](#) at any time. Note that medals have been updated to reflect all eight uniformed services, and JROTC certificates have been updated with language more appropriate to high school students rather than ROTC students.

The cost of medals to affiliates will remain at \$3.00 per medal due to a MOAA subsidy. Additionally, the store recently added the USPS live rate to shipping options, providing a lower-cost alternative.

The Military Officers Association of America (MOAA) established the **MOAA Scholarship Fund** in 1948 to provide educational assistance benefits to children of military families. It supports one of the association's founding principles: ***education is the cornerstone of a strong democracy***. It is funded by donations from MOAA members, Councils and Chapters, corporations, and others with a desire to help military families. For additional details, go to the MOAA website at **MOAA.org**
